

"Y. M." SECRETARY WILL SPEAK HERE

E. A. Lower Who Has Been at Camp Shelby, Miss. Will Address Union Meeting

WILL OPEN FUND CAMPAIGN

Being Planned in This County With Slogan in View, "Some Must Go—All Must Give"

E. A. Lower a Y. M. C. A. secretary who has had experience for the past four months with the soldiers at Camp Shelby, Miss., will address the mass meeting to be held at the Christian church on Sunday evening. The meeting will open the Rush county campaign for raising the \$7500 fund for the army Y. M. C. A. Mr. Lower comes highly recommended as a speaker as well as "Y. M." worker. One who heard him wrote of him as "a live wire with a strong message." The meeting will give the people of Rush county an opportunity to hear first hand of the good the organization is doing among the soldiers and to know directly where the money to be pledged will go.

A letter from H. P. Scott of Greensburg district campaign director, to T. M. Green, chairman of Rush county, says "I feel quite sure that no county in this district will give more loyal support to its chairman than will your county. Keep the fires burning and the results will sure follow." The township chairmen are responding to the work and several more have appointed committees of canvassers to have charge of the work in their townships.

The campaign is being planned with the slogan of the Y. M. C. A. national campaign in view, "Some must go—All must give." The committees are arranging their plans so that every one in the county will have an opportunity to give to the cause. Only one change has been made since yesterday in those in charge of the townships. Mrs. Wilbur Brown, has been appointed to take charge of the campaign in Orange township.

Homer Nash of Union township has appointed the following men to aid him in canvassing Union township: Fred Bell, Ed Vickery, Jake Austen, and Jesse Peters.

The township chairmen have been asked to urge the people of their

AMERICANS BURIED WITH MILITARY HONORS

French General Salutes Coffins and Bids Dead Soldiers Farewell in Name of France.

CAME TO HIS COUNTRY'S AID

J. W. PEGLER

(U. P. Staff Correspondent.)

American Field Headquarters in France, Nov. 8.—American artillery sent whistling bullets over to the Boche land today, as a farewell volley, marking the burial of the first American dead in France.

The coffins were draped with American flags for which they fought so valiantly and died. As the comrades bore the coffins a French general stepped forth from the massed ranks, to the coffin and saluted. He said softly: "Privates Gresham and Hay, in the name of France we bid you farewell. With your own free will, you left your happy and prosperous country and came to our side."

THREE KILLED; 15 HURT.

(By United Press.)

Kent, O., Nov. 8.—Three were killed and fifteen injured when two passenger interurban cars met in a collision here today.

Rush County Today Is Richest in History With \$574,888.96 in The Banks

Rush county today was the richest in its history by reason of the fall installment of taxes just having been paid in. The county now has \$574,888.96 on deposit in the banks of the county. The fall installment of taxes, the treasurer's office announced, amounted to \$257,918.22. But the county will not roll in wealth long for warrants are being written now to pay out about \$40,000 and bonds amounting to \$65,000 will fall due on November 15.

2 HOME BOYS ARE CAUGHT

Youths Running Away Detained at Curtha Wagoner's Home at Raleigh

Two boys who ran away from the Sailors and Soldiers Orphans Home near Knightstown this morning were caught by Curtha Wagoner near Raleigh and detained. The authorities at the home were notified and they came after the boys this afternoon. They were Harvey Holmes, age fourteen, and Eugene Harper, age fifteen. They left shortly after breakfast this morning wearing overalls in which they had been working. Chief of Police Yahey was notified to be on the lookout for them.

HORSES HITCHED TO SCHOOL HACK RUN OFF

Children of Jersey City School Escape Injury When Team is Finally Stopped

VEHICLE IS BADLY DAMAGED

More than a dozen school children had a narrow escape from serious injury or death in a runaway south of Rushville late yesterday afternoon when the team driven by Lewis Banta to the Jersey City school hack became unmanageable.

Mr. Banta was taking the children home from school and the team frightened at something and began to run near Albert Capp's home a short distance south of the city. They ran to the William Allen farm before they were brought under control by the driver.

As they ran the horses kicked and plunged from one side of the road to the other, threatening to upset the hack at any moment. Mr. Banta shouted to the children to roll out of the hack, thinking they had better take a chance being hurt jumping than to stay in the vehicle. None of them obeyed his instructions, however, all remaining in their places screaming at the top of their voices. Before they were stopped, the horses had kicked the front end out of the hack and broken the tongue.

MORRIS H. GUSTIN DIES

Former Rush County School Teacher Expires at Florida, Ind.

Morris H. Gustin, age ninety years, died at 10:30 o'clock last night of senility at the home of his daughter, Mrs. Emma Kendall of Florida, Ind. Mr. Gustin was well known here, having taught school at New Salem for many years and lived north of Andersonville during the early part of his life. He is survived by three daughters, Mrs. Emma Kendall, Mrs. James Billhart of Elwood, and Mrs. Wilbur Southard of Lebahon, O., and two sons, Ben Gustin of Riverside, Cal., and Verne Gustin of Sheridan, Ind.

The funeral services will be conducted at the Little Flatrock Christian church Saturday morning at 11 o'clock and burial in Old Flatrock cemetery.

PETROGRAD AGAIN STREAMS IN BLOOD

Reports do Not Tell How Kerensky Government Was Overthrown, But Maximalists Control

REVOLT IS ENTIRELY LOCAL

Preliminary Parliament is Dissolved and Revolutionists Promise Immediate Peace

CONCERN IS EVIDENT

(By United Press.)

Washington, Nov. 8.—A number of cable messages received at the Russian embassy today caused evident concern, but officials refused to make any statement.

The report that the Kerensky government had been overthrown was neither confirmed nor denied.

The messages evidently were of momentous import and were to be transmitted to the state department later, it was intimated. The most recent advices from the American ambassador made no mention of violence there.

London, Nov. 8.—Radical leaders are in control of the communication with Petrograd, it was officially announced today. No mention was made in regard to the fighting, but once again the streets of Petrograd have been streaming blood. Reports did not allege how the overthrow of the Kerensky government came about. Russian officials emphatically announced that the revolt is entirely local, affecting Petrograd alone.

The Maximalists have obtained control of Petrograd and issued a proclamation saying the new government will propose immediate peace, the semi-official Russian news agency announces.

Leon Trotzky, president of the central executive committee of the Petrograd council of soldiers' and workmen's delegates, issued a declaration to the effect that the provisional government was no longer in existence and that some of its members had been arrested. The preliminary parliament has been dissolved.

The Maximalists were assisted by the Petrograd garrison, which made possible a coup d'etat without bloodshed.

The Russian News Agency which as reported last night, was seized by the Maximalists, sends the following dispatch from Petrograd, dated 9:50 o'clock last evening:

"The day brought certain changes in the general situation in the capital. The Maximalist movement made fresh and fairly appreciable progress but no disorders have taken place.

"Toward 5 o'clock in the afternoon the military revolutionary committee of the soldiers and workmen's delegates issued a proclamation stating that Petrograd was in its hands, thanks to the assistance of the garrison, which enabled the coup d'etat to be brought about without bloodshed.

"The proclamation declares that the new government will propose an immediate and just peace, will hand the land to the peasants and will summon the constituent assembly.

"Delegates from the three Cossack regiments quartered here declared they would not obey the provisional government and would not march against the soldiers and workmen's delegates, but that they were prepared to maintain public order.

Miss Blanche Baine teacher in high school, reviewed the story of "The Melting Pot" before the pupils of the high school this morning in preparation for the recital to be given tomorrow afternoon at 2:30 o'clock when Mrs. Ida Faye-Smith Knapp will read the play "The Melting Pot."

SIX DAYS LEFT TO MAIL SAMMIES GIFT

Attention is Called to Postoffice Regulations Requiring They be Sent by Nov. 15

ABOUT DOZEN BOYS IN FRANCE

Because of Large Amount to be Handled, Must be Mailed Early—Rate 12 Cents a Pound

There are only six more days to send Christmas packages to the Sammies in France. That is according to the government suggestion for although the time until December 5 is allowed for the boxes to reach the port at Hoboken for shipment, it is urged that the packages be sent from here by November 15 in order that they are sure to arrive in time. According to the plan of the government, each soldier will receive his Christmas mail, which is so labelled, on Christmas morning. Every provision possible is being made by the government to give the soldiers a happy Christmas.

There are about a dozen Rush county boys "Somewhere in France" now, who will spend perhaps their first Christmas out of their own country. Their friends here are urged to remember these loyal lads for with them rests the possibility of giving the boys a happy Christmas. It is hoped that every Rush county boy will receive more than his share of mail on Christmas morning and the "folks back home" are urged to write a letter, send a Christmas card, a gift, in fact anything which comes under the regulations of the government.

By co-operating with the government instructions in sending Christmas mail abroad, the public will greatly aid the local postoffice in handling the large amount of mail which they will have in charge. Parcels post packages for soldiers in France, if delivered by the French postoffice department, must be limited in weight to seven pounds, and be mailed in this country not later than Nov. 15. However, parcels post packages for soldiers in France may weigh up to twenty pounds each, provided they are addressed "Care of Commanding General, Port of Embarkation, Pier One, Hoboken, New Jersey," and reach there before Dec. 5. Packages so sent, if complying fully with special regulations of the Postoffice Department will be transported in France over the railroads there which are being operated by the United States Army. On the railroads operated by the French government no parcels post package weighing over seven pounds will be transported.

The package must comply with the regular postal regulations, and, in addition, the articles sent must be packed in a wooden box not more than two cubic feet in extent. It must be well strapped and should have either a hinged or a screwed top. No perishable foodstuffs may be sent. The box should be marked to indicate it is a Christmas package and should reach Hoboken not later than Dec. 5. The rate of postage is 12 cents a pound.

Because of the enormous amount of parcels post to be handled, with the overtaxed facilities of the railway mail service and the railroads, early mailing is imperative if delay in delivery and disappointment of both senders and receivers are to be avoided. To be sure it will get to France in time, mail your Christmas box before November 15. The rate of postage on all parcel post matter intended for men in the service abroad whether sent through mail service direct under the seven pound limit or sent in care of the Commanding General, Port of Embarkation, for delivery by military authorities, is 12 cents a pound.

Walter Kuhlman, 22, Gets First Ride on Railroad In Coming To This City.

In coming to this city today from his home in Switzerland county, Walter Kuhlman, 22, got his first glimpse of and his first ride on a train. He also took his first ride on a traction car when he went to the home of George Smith, 4 miles east of here to shuck corn. Kuhlman has lived at a point 29 miles from a railroad all his life and the nearest postoffice was Bennington. Kuhlman has four brothers, two of whom have been drafted.

ENTERPRISE MILL IS SOLD

Milroy Property is Purchased by Acme-Evans Company.

The Enterprise Mill of Milroy, which recently went into bankruptcy, has been sold by the trustee to the Acme-Evans Milling company of Indianapolis for the sum of \$13,000. The mill formerly run by the Indianapolis concern was burned down and in order to take care of their orders of flour, they will run the Milroy mill night and day. Work will be started in the near future. It is probable that several new families will move to Milroy, connected with the mill, and that the starting of the enterprise will bring more business to the town.

SCHOOL ATTENDANCE IS ALMOST NORMAL

More Than Three-Fourths of Pupils Are Back as Diphtheria Epidemic Disappears.

NO MORE POSITIVE CULTURES

The school attendance is gradually getting back to normal after a period when there was a large number of absences. There are practically no absences in high school from diphtheria and the attendance in the grades is more than 75 per cent. In the Graham Annex about 85 per cent of the children are attending. The Havens school reports an attendance of about 75 per cent and the Jackson school reports that about 85 per cent of the children have returned. More are returning every day and it is thought by Monday of next week, the attendance of all of the schools will be normal.

The city board of health received word today from the state board that it would not be necessary to fumigate the homes where carriers of diphtheria had been quarantined. The authorities have been very strict in fumigating the homes where the disease has been, but on the instructions of the state board will not fumigate the homes where there has been no actual sickness. The state board said this plan was absolutely safe. Anyone wishing to fumigate may do so at their own expense. In other cases, the city pays for the fumigation.

Reports on cultures are still being received and a number are yet not heard from. There are no positive cases reported with the exception of ones already in quarantine.

DECISIVE BATTLE IMPENDS

Both Sides Maneuvering For Position on Italian Front

(By United Press.)

Washington, Nov. 8.—The decisive battle of the Teutonic drive in Italy is entering its first stages with both sides maneuvering for position, Rome cables stated today. French and British reinforcements are massing back of the Piava river and heavy artillery is being rushed from the western front to General Cadorna's relief.

MANY STATE CASES ARE SET FOR TRIAL

Calendar For November Term of Court Opening on November 19 is Prepared.

MOSTLY OF A RECENT DATE

Approximately 100 Civil and 20 Criminal Cases Settled This Term, Closing Saturday.

The September term of court is drawing to a close this week. Next week will be vacation preparatory to the opening of the November term, November 19.

The new petit jury for next term will be drawn next Monday. The regular panel drawn for this term was dismissed today. The jury was called to hear the case of the M. Rumely company against James Arvine, Sr., and James Arvine, Jr., on a note demanding \$750, but it has been sent to Shelby county on a change of venue.

Approximately one hundred civil cases and about a score of criminal cases will have been disposed of this term of court by the time it adjourns. The calendar for the next term has been prepared by Judge Sparks.

A number of criminal suits are set down for trial early in the term. The majority of them are the outgrowth of indictments returned by the grand jury which adjourned week before last, reporting twelve true bills.

Two of the criminal cases are transcripts from a lower court—the one against Bert Ormes who was fined in squire's court for speeding, and one against R. W. Noyer, who was fined by Mayor Bebout for operating an automobile with a license not issued by the state of Indiana. Several large damage suits are also to come to trial next term, along with six divorce suits.

The cases set down for the November term are as follows.

Monday, Nov. 19—Calling of dockets and arguments on pleadings: state ex rel U. S. Fidelity Co. and Stevens.

Tuesday, Nov. 20—State vs. Sampson; Reinheimer vs. Havens.

Wednesday, Nov. 21—State vs. Miles; Siebert vs. Windate.

Thursday, Nov. 22—State vs. Noyer; Talbert vs. Cripe.

Friday, Nov. 23—State vs. Orme; Bundy vs. Moore.

GRAND JURY GOES INTO SESSION TODAY

May Finish Investigations by This Evening and Report—Luella Clarkson Gets Divorce

JUDGES DISMISS THEIR SUIT

The grand jury was in session today cleaning up the business this term of court. There was a possibility that all cases coming to the attention of the grand jury would be investigated today and a report made. However, the meeting may continue over until tomorrow.

A motion for a new trial in the case of Curtha Wagoner against George R. Sider and son, in which Wagoner sued for \$175 and lost, was overruled today with exceptions to the plaintiff.

The court returned a judgment for Dick Wilson against John D. Stewart for \$54.50 and costs and found for the other defendant in the case, Mary E. Stewart.

The divorce suit of Margaret Dudgeon against Jasper Dudgeon was dismissed by the plaintiff at her costs.

Judge Sparks granted a divorce to Luella Clarkson from Enoch Clarkson on payment of costs. The evidence was heard some time ago.

BURN LEAVES AFTER 2 P. M.

Rushville People Will Be Prosecuted If Practice Continues

The police promise to prosecute if the ordinance restricting the burning of leaves is not carefully observed. The city ordinance provides that leaves shall not be burned after two o'clock in the afternoon. This does not mean that a pile of leaves may be lighted two minutes before two and then allowed to burn out, the police says. Many complaints have been made regarding the burning of leaves after two o'clock and the police say this warning is all that will be given.

Members of the Methodist church are asked to have one or more articles on the front porch Friday morning to be collected for the rummage sale Saturday.

Amusements

Belle Bruce and Antonio Moreno will be seen in "A Son of The Hills" at the Princess tonight. It is a modern romance of the southern mountains. House Peters and Louise Huff will appear in "The Lonesome Chap," tomorrow night and on next Monday and Tuesday night the sensational melodrama, "The Whip," will be the attraction. One of the delights of "The Whip," is the splendid delineation given to the characters in this, the world's biggest motion picture, by the actors who play the leading parts and also by those who play the smaller parts. Each character has been splendidly cast. There is not a poor actor in the whole company. So perfect is the acting that the spectator forgets he is looking at a drama. The spectator forgets everything except that here he is seeing life—true life filled to the brim with excitement and interest.

Campaign Practices

Not intending to herald its own virtues, the Daily Republican wishes to point out that it has never descended to the place where it injected personalities into a political campaign. We here in Rushville and Rush county are all neighbors and live together after an election just the same as we do before an election. Bitter things are often said in the heat of a campaign which are regretted afterwards, and it has ever been and always will be the policy of the Daily Republican under its present management not to make a personal issue in any campaign.

Candidates who know what to expect in making a race for office may not seriously object to stories about them circulated by word of mouth, but to have the same stories printed in bold type, they become public property and cause the average person great concern and anxiety. The practice of holding candidates up to ridicule is another one followed by some newspapers which should not be sanctioned by fair and honest people. It is taking an unfair advantage of the candidate who has no means of answering.

In the city campaign just closed the Daily Republican supported the republican ticket because it stood on the record of the present administration, which is one of the best the city ever had. It was assured that the good business judgment of the present council would continue to be exercised if the ticket were elected, because four of the five councilmen sought re-election.

Although the Republican supported the republican ticket, it said nothing against the democratic ticket. The men who ran on the democratic ticket are good citizens of the city and it would have been more than unjust to have attempted any slander against their character or their business judgment or ability. To win a political battle by such tactics would be an empty victory indeed.

Use Wood for Fuel

One practical way in which the farmers of Indiana can render material assistance to the state in the coal situation is to use wood for fuel as much as possible. Several dealers have been refusing to sell coal to farmers who have a supply of fuel wood on their farms to tide them over. The United States Fuel Administrator is urging farmers to reduce their coal consumption as far as possible and in towns where citizens can buy fuel wood it is suggested that insofar as practical, wood be substituted for coal.

It is apparent that few persons appreciate the coal situation because so many of them are asking why, when the mines are producing more coal than ever before, there isn't enough to go around. The answer is in the lighted, humming factories which are turning night into day from New England to California. In the industrial districts of the United States, where the factories are working night and day on war materials, the coal demand has doubled. In Canada, where the one business of the entire country is the making of war materials, there never has

been such a demand for coal, and that coal must come from the United States. With our navy much enlarged and doing service in the war zone, the demands of the navy are vastly greater than ever before. The demands of the navy in the Spanish-American war did not begin to approach the demands of today. On top of this the United States must provide unusual amounts of coal for France and Italy, where factories are being crowded night and day in turning out ammunition and military equipment.

If the coal situation was simply an "Indian problem" it wouldn't be very grave. But it is a national problem. It is more than that, it is an international problem. One of the United States' "bits" in this war is to furnish coal. Our own safety and the success of our allies depend on our furnishing the needed coal. Our mines are producing as never before, but the demand is stupendous—something never before dreamed of.

The department of commerce has published an article showing the thriving condition of the glass industry in Germany before the war and the depression in that industry since the war began. Germany was then an exporter of glass. Now won't the department of commerce publish an article telling us what happened to the American glass industry following the enactment of the Democratic tariff law of 1913, which permitted the German manufacturers to sell more advantageously in our markets.

That party of Artie explorers who have just returned to civilization after four years in the far north, will be kept mighty busy for some time to come if they undertake to catch up with the march of events during their absence.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

Letters From John Kennedy Tell of Good Accomplished by Organization in Camps

TRAINING AT CAMP FUNSTON

His Description of Meals Served Soldiers Indicates They Get Plenty to Eat

John Kennedy, stationed at Camp Funston, Kan., has written a number of interesting letters home concerning army life and his work in the signal corps. The following are excerpts from some letters received from him:

Some of the boys received their uniforms today but I didn't. Hines got his and several of the boys went with him up to Manhattan. They said it was a dead town. He is going to Fort Riley this evening to see Max Wallace at the Post Hospital there. They are to open up a big Y. M. C. A. auditorium here tomorrow evening about three squares from here. Major General Wood is to speak. There is to be a chorus of 2,000 voices and several military bands. By the way, if anyone ever asks you to give any money for the "Y. M.," do so for you have no idea how much good they are doing for the boys.

The big maneuver is to start tomorrow, but do not think I will go as I haven't been issued any army shoes yet. So I will have to answer sick call in the morning and go to the hospital and get the doctor to assign me to my quarters. There is a lot of red tape to the army. We popped corn last night in two big army baking pans and made one big dish pan full for each squad room with 25 men in each room. For breakfast we had hot biscuit, butter, blackberry jam, bacon and fried mush, oatmeal and coffee and they gave each man an apple. For dinner we had roast pork, mashed and sweet potatoes, brown gravy, creamed peas, apple sauce, bread and coffee.

I think we will be moved from here within the next month, about the 25th, but do not know for certain. We think it will be to Virginia but do not know.

I think we have pretty good mail service here considering that there are 6,500 men in camp so you know how things would get congested some times. I am getting the Republican alright. This is Liberty Loan day and is a legal holiday so we are off all day; so thought I would write you in the day time. I am so tired at night that I do not feel like writing then. We are not getting quite as much drilling now. We are having some school every day. We are learning telegraphy now. I know the alphabet pretty well. There are 26 operators in our company. We are leading our battery in drill, telegraphy and semaphore, that is in learning it. It seems that every fellow is putting his whole mind and soul into it and trying to do his best. We also have the highest honor of the whole camp for Liberty Loan subscriptions. I took two.

We are going to have a practice

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

MEN WANTED FOR RESERVE CORPS

County Recorder Receives Notice of Request For Enlistments in Quartermasters Department

3,000 RECRUITS ARE NEEDED

May Serve as Clerks, Blacksmiths, Farriers, Storekeepers, Packers or Tentmakers

Enlistments are being asked for the Quartermasters Reserve Corps in camp at Jacksonville, Florida. Three thousand men are needed in the near future to serve in the various capacities in this department. The following facts concerning the training camp have been received by Chester Peck, county recorder, with the request that they be published.

"The Quartermaster Enlisted Reserve Corps require in the neighborhood of 3,000 men to serve as clerks, blacksmiths, farriers, horse-shoers, saddlers, storekeepers, tent-makers, wheelwrights, wagonmasters, assistant wagonmasters, skilled laborers, watchmen, packers, etc. Any man between the ages of 18 and 45 is eligible for enlistment, provided he has not been called by his local board for examination and is physically qualified.

Teamsters are especially wanted. Promotions in non-commissioned officers grades are very rapid for men of ability and experience in their patricular trade.

There is being established near Jacksonville, Florida, a camp for the training of Quartermaster Enlisted men, and it is contemplated sending all men enlisted in the Quartermaster Corps to that camp for training in Quartermaster Corps work.

Further information and application blanks will be gladly furnished on request to Ralph B. Innis, Captain, Q. M. U. S. R. Room 553, Federal Building, Chicago, Ill."

maneuver Monday. There are to be the Blue and Red armies. There are to be two regiments of infantry, two companies of light artillery, one of heavy artillery, one machine gun company, one of engineers and one of signal corps on each side. We have to keep the communication up between the different points in the Blue army.

There are three companies of the signal corps in camp. There are seventy-five men in our company, B, the smallest, some have 250 in them. The following poem may be of interest:

Soldier Life

There is many many a lad in Camp Funston tonight
With heart anything but light
For the folks back home have grown careless
Have neglected or ceased to write
Just look at the man who received his mail,
See the look in his eye and that grin
For he is the one who surely knows
There are friends back home loyal to him.
And so, dear bunch, since I must go
From this awful thick and thin
The farther away from dear friends one goes
The dearer they are to him.
And rest assured there's one Sammy tonight
Who is not downcast and blue
And no matter how far from home I go
There'll be room in my heart for you.

There are many sad sights in this old world
But the saddest by far I swear
Is the soldier lad when mail is called out
Can't step up and answer "Here."

Shoes Built to Our Order From the Ground Up

The principal portion of our splendid stock of shoes was built to our order, especially to accommodate our exclusive customers. And we instructed the makers to build them FROM THE GROUND UP.

So they started on the ground piece—the sole—with solid leather, and put in honest work and honest material until the shoe was complete.

This enables us to offer you an honest shoe and we have put on them an honest price.

Yes, we have sold shoes cheaper in former years, but when you see the EXCELLENCE OF OUR SHOES you will say they are cheap enough.

SOCIETY

About two hundred attended the reception at the St. Paul's M. E. church last evening, which was given honoring the Rev. and Mrs. Clyde S. Black, by the members of the church. After greeting the guests of honor and those receiving, the guests were seated for the informal program. In the receiving line were the Rev. and Mrs. Black, Dr. and Mrs. F. R. McClanahan, Mr. and Mrs. Albert Winship, Leonard Clark and B. W. Riley.

Short talks were made by the Rev. D. Ira Lambert, Father M. W. Lyons, the Rev. John T. Aiken, the Rev. C. J. Bunnell, and George C. Wyatt representing the Christian church. Each of the speakers gave a word of welcome to the Rev. and Mrs. Black. Interspersing the program were several beautiful musical numbers. Mrs. George Hogsett, accompanied by Miss Jessie Kitchen at the piano, sang "The Necklace of Love" in a beautiful manner. Miss Lois Reeve played a difficult violin solo with excellent technique, "Son-

venir," by Drdla.

During the latter part of the evening, refreshments of coffee and cake were served to the guests.

* * *

A beautiful dinner party was given last evening by Mrs. Allen George Messick of Marion at the home of her mother, Mrs. Emma Craig, in North Jackson street complimenting Miss Erema Wilk, a bride-to-be. The airy color scheme of yellow and white was tastefully used in all of the appointments, an immense basket filled with yellow chrysanthemums and bearing a tulle bow centering the table. The light cast over the table was from yellow shaded candles and the place cards and nut cups corresponded. A delicious dinner was served the dozen guests present.

This afternoon, Miss Henrietta Coleman and Miss Mary Sleeth are giving a tea at the home of Miss Sleeth honoring Miss Wilk. Tomorrow afternoon, Mrs. Carl Everleigh of Indianapolis is having two tables

at bridge at the home of her mother, Mrs. John D. Megee, for the same guest of honor.

* * *

The friends and neighbors of Marshall Newhouse motored to his home near Clarksburg yesterday and completely surprised him, the affair being in honor of his sixty-fifth birthday. At noon the guests enjoyed a pitch-in dinner and in the afternoon, solos by Miss Helen Newhouse were the feature of the pleasant hours. Those who were present were Mr. and Mrs. F. R. Newhouse and family, Mr. and Mrs. Oster Newhouse and son Roscoe, Mr. and Mrs. Baily Newhouse, Mr. and Mrs. Frank Sample and Miss Rena Mahan all of this county and Mrs. Lora Green and Mrs. Maggie Thorpe of near Greensburg.

* * *

Mr. and Mrs. B. F. Miller are giving a reception tomorrow evening at their home in North Morgan street honoring their son and his bride, Mr. and Mrs. Eugene Carlyle Miller, whose marriage recently occurred in Indianapolis. Mrs. Miller was formerly Miss Marguerite Frenzel. The hours for the affair are from 8 to 9:30 and 9:30 to 11. Preceding the reception, a dinner will be given for the out-of-town guests.

* * *

Earl Miller entertained a number of his friends with a hayride, Wednesday evening. The guests were taken to his home, south of this city, where they enjoyed a luncheon and then the hayride. The guests included the Misses Ruby Sparks, Vera Short, Ethel Newhouse, Elva Miller and Oliver Dill, Myland Gibson, Russell Moore and Earl Miller.

* * *

The members of the Ladies Missionary society of the First Baptist church were entertained by Mrs. C. J. Bunnell yesterday afternoon at her home in North Morgan street. The entire afternoon was given over to work for the Red Cross. The ladies will meet again in two weeks to sew for the Red Cross.

* * *

The Willing Workers class of the St. Paul's M. E. church will meet Friday afternoon with Mrs. Cornelia Lyons at her home, 126 West First street, at 2:30 o'clock. A large attendance is desired as business of importance is to be brought up before the meeting.

* * *

The Young Peoples Christian Union of the United Presbyterian church will hold a social and business meeting at the home of Miss Marie Taylor in North Hannah street, Friday evening.

* * *

Mr. and Mrs. Chauncey Duncan entertained at dinner today Mr. and Mrs. Claud Cambern and Mrs. Alice Smith of Denver, Col.

* * *

Miss Bertha Helm and Miss Alice Norris are spending several days with Mrs. Lenore Blackledge north-east of the city.

KRATZER SUIT IS SETTLED

Case Against Squire to Collect Judgment is Dismissed Today

The suit brought late yesterday by Gunn Haydon against Squire James Kratzer and his bondsmen, P. H. McConnell and Hyman Schatz, to collect \$30,67 alleged to be due the plaintiff because of a judgment rendered him and paid to the squire, but which never reached him, was of short duration, because it was settled out of court today and the court docket shows that it was dismissed.

WAR CORN CROP IS BUMPER

Agriculture Department Estimates It Will be 3,100,000,000 Bu.

(By United Press.)

Washington, Nov. 8.—The big war crop of corn was estimated today as 3,100,000,000 bushels by the agriculture department. This compares with 2,500,000,000 bushels last year and 2,700,000,000, the five-year average. The great potato crop this year was given as 439,000,000 bushels.

INDIANA CITIES SUFFER FROM ANTS

Queen Ant Must Be Destroyed Before the Colonies are Entirely Eradicated

MUCH MATERIAL DESTROYED

(By United Press.)

Indianapolis, Ind., Nov. 8.—Great damage by white ants in many Indiana cities was reported by State Entomologist Frank Wallace today. The ants have been destroying thousands of dollars worth of material in stores and homes.

"These ants have a queen and swarm about once a year," said Wallace. "When their work is confined to old logs and stumps in the open no attention is given them but when they begin working on lumber in houses, stores and barns, they cause endless trouble."

"The pests eat the softer part of wood and leave only a mere skeleton which becomes so weakened that it must be replaced. Florists with benches made of wood have lost heavily and often have been forced to replace wood with concrete."

"It is difficult to destroy the colonies because the queen must be killed. Just killing the workers will not eradicate them."

PORK AND BREAD
PRICE MAY BE CUT

Food Administration Will Require
Bakers to Operate Under a Federal License

FIXES MINIMUM HOG PRICE

Based on Minimum Ratio of 13 Times
Average Cost of a Bushel of
Corn Fed

Consumers who have been up against the high cost of living will be pleased by the news from Washington that the food administration expects to cut the cost of bread and regulate the price of hogs, which will have a tendency to bring down the retail price of pork.

Washington dispatches say that at the request of the federal food administrator, President Wilson will issue an order in a few days directing that every bakery in the country be required to do business under a federal license.

Official notice has been received in Indianapolis that the food administration at Washington has fixed the minimum hog price for the present market and for next year as well. The price of hogs at Chicago for the present is fixed at \$15.50. Prices to follow will be based on a minimum ratio of thirteen times the average cost of a bushel of corn fed. This ratio will continue during the war, according to the announcement.

It is probable the hog raiser will be assured \$13 a hundred pounds next fall and that the price will not fall below \$15 in the interim. The step has been taken to stabilize hog prices so as to increase the production of hogs and insure the producer against any loss on hogs raised between now and next winter. The public will be guarded against profiteering, by the food administration.

Rules and regulations governing the baking industry already have been drawn up by the food administration and will be put into operation as soon as the executive order is out. They will provide a standardized loaf of probably two sizes and standardization of the bread content. A bread formula has been selected and bakers will be permitted to use no other.

The new war bread will contain a reduced amount of fats, as both the lard and milk content will be cut considerably. It probably will be produced in twenty-ounce and ten-ounce loaves. No prices will be fixed outright, but the regulations will prescribe that only reasonable prices may be charged.

ported to the administration that in most places loaves of this size can be sold at 10 and 5 cents respectively.

Food administration officials are giving serious consideration to the situation created by the short wheat crop, and it is believed likely that before many months bakers may be required to add a certain amount of corn flour in baking bread. Dietetic experts now are working out formulas containing wheat flour substitutes.

WILL OPEN FUND CAMPAIGN

Being Planned in This County With
Slogan in View, "Some Must Go
—All Must Give"

E. A. Lower a Y. M. C. A. secretary who has had experience for the past four months with the soldiers at Camp Shelby, Miss., will address the mass meeting to be held at the Christian church on Sunday evening. The meeting will open the Rush county campaign for raising the \$7500 fund for the army Y. M. C. A. Mr. Lower comes highly recommended as a speaker as well as "Y. M." worker. One who heard him wrote of him as "a live wire with a strong message." The meeting will give the people of Rush county an opportunity to hear first hand of the good the organization is doing among the soldiers and to know directly where the money to be pledged will go.

A letter from H. P. Scott of Greenburg district campaign director, to T. M. Green, chairman of Rush county, says "I feel quite sure that no county in this district will give more loyal support to its chairman than will your county. Keep the fires burning and the results will sure follow." The township chairmen are responding to the work and several more have appointed committees of canvassers to have charge of the work in their townships.

The campaign is being planned with the slogan of the Y. M. C. A. national campaign in view, "Some must go—All must give." The committeemen are arranging their plans so that every one in the county will have an opportunity to give to the cause. Only one change has been made since yesterday in those in charge of the townships. Mrs. Wilbur Brown, has been appointed to take charge of the campaign in Orange township.

Homer Nash of Union township has appointed the following men to aid him in canvassing Union township: Fred Bell, Ed Vickery, Jake Austen, and Jesse Peters.

The township chairmen have been asked to urge the people of their

J. W. PEGLER
(U. P. Staff Correspondent.)

American Field Headquarters in France, Nov. 8.—American artillery sent whistling bullets over to the Boche land today, as a farewell volley, marking the burial of the first American dead in France.

The coffins were draped with American flags for which they fought so valiantly and died. As the comrades bore the coffins a French general stepped forth from the massed ranks, to the coffin and saluted. He said softly: "Privates Gresham and Hay, in the name of France we bid you farewell. With your own free will, you left your happy and prosperous country and came to our side."

They left shortly after breakfast this morning wearing overalls in which they had been working. Chief of Police Yakey was notified to be on the lookout for them.

HORSES HITCHED TO SCHOOL HACK RUN OFF

Children of Jersey City School Es-
cape Injury When Team Is
Finally Stopped

VEHICLE IS BADLY DAMAGED

More than a dozen school children had a narrow escape from serious injury or death in a runaway south of Rushville late yesterday afternoon when the team driven by Lewis Banta to the Jersey City school hack became unmanageable.

Mr. Banta was taking the children home from school and the team frightened at something and began to run near Albert Capp's home a short distance south of the city. They ran to the William Allen farm before they were brought under control by the driver.

As they ran the horses kicked and plunged from one side of the road to the other, threatening to upset the hack at any moment. Mr. Banta shouted to the children to roll out of the hack, thinking they had better take a chance being hurt jumping than to stay in the vehicle. None of them obeyed his instructions, however, all remaining in their places screaming at the top of their voices. Before they were stopped, the horses had kicked the front end out of the hack and broken the tongue.

MORRIS H. GUSTIN DIES

Former Rush County School Teacher
Expires at Florida, Ind.

Morris H. Gustin, age ninety years, died at 10:30 o'clock last night of senility at the home of his daughter, Mrs. Emma Kendall of Florida, Ind. Mr. Gustin was well known here, having taught school at New Salem for many years and lived north of Andersonville during the early part of his life. He is survived by three daughters, Mrs. Emma Kendall, Mrs. James Billhart of Elwood, and Mrs. Wilbur Southard of Lebanon, O., and two sons, Ben Gustin of Riverside, Cal., and Verne Gustin of Sheridan, Ind.

The funeral services will be conducted at the Little Flatrock Christian church Saturday morning at 11 o'clock and burial in Old Flatrock cemetery.

PETROGRAD AGAIN STREAMS IN BLOOD

Reports do Not Tell How Kerensky
Government Was Overthrown,
But Maximalists Control

REVOLT IS ENTIRELY LOCAL

Preliminary Parliament is Dissolved
and Revolutionists Promise
Immediate Peace

CONCERN IS EVIDENT

(By United Press.)

Washington, Nov. 8.—A number of cable messages received at the Russian embassy today caused evident concern, but officials refused to make any statement.

The report that the Kerensky government had been overthrown was neither confirmed nor denied.

The messages evidently were of momentous import and were to be transmitted to the state department later, it was intimated. The most recent advice from the American ambassador made no mention of violence there.

London, Nov. 8.—Radical leaders are in control of the communication with Petrograd, it was officially announced today. No mention was made in regard to the fighting, but once again the streets of Petrograd have been streaming blood. Reports did not allege how the overthrow of the Kerensky government came about. Russian officials emphatically announced that the revolt is entirely local, affecting Petrograd alone.

The Maximalists have obtained control of Petrograd and issued a proclamation saying the new government will propose immediate peace, the semi-official Russian news agency announces.

Leon Trotzky, president of the central executive committee of the Petrograd council of soldiers' and workmen's delegates, issued a declaration to the effect that the provisional government was no longer in existence and that some of its members had been arrested. The preliminary parliament has been dissolved.

The Maximalists were assisted by the Petrograd garrison, which made possible a coup d'etat without bloodshed.

The Russian News Agency which as reported last night, was seized by the Maximalists, sends the following dispatch from Petrograd, dated 9:50 o'clock last evening:

"The day brought certain changes in the general situation in the capital. The Maximalist movement made fresh and fairly appreciable progress but no disorders have taken place.

"Toward 5 o'clock in the afternoon the military revolutionary committee of the soldiers and workmen's delegates issued a proclamation stating that Petrograd was in its hands, thanks to the assistance of the garrison, which enabled the coup d'etat to be brought about without bloodshed.

"The proclamation declares that the new government will propose an immediate and just peace, will hand the land to the peasants and will summon the constituent assembly.

"Delegates from the three Cossack regiments quartered here declared they would not obey the provisional government and would not march against the soldiers and workmen's delegates, but that they were prepared to maintain public order.

Miss Blanche Baine teacher in high school, reviewed the story of "The Melting Pot" before the pupils of the high school this morning in preparation for the recital to be given tomorrow afternoon at 2:30 o'clock when Mrs. Ida Faye-Smith Knapp will read the play "The Melting Pot."

SIX DAYS LEFT TO MAIL SAMMIES GIFT

Attention is Called to Postoffice Re-
gulations Requiring They be
Sent by Nov. 15

ABOUT DOZEN BOYS IN FRANCE

Because of Large Amount to be
Handled, Must be Mailed Early
—Rate 12 Cents a Pound

There are only six more days to send Christmas packages to the Sammies in France. That is according to the government suggestion for although the time until December 5 is allowed for the boxes to reach the port at Hoboken for shipment, it is urged that the packages be sent from here by November 15 in order that they are sure to arrive in time. According to the plan of the government, each soldier will receive his Christmas mail, which is so labelled, on Christmas morning. Every provision possible is being made by the government to give the soldiers a happy Christmas.

There are about a dozen Rush county boys "Somewhere in France" now, who will spend perhaps their first Christmas out of their own country. Their friends here are urged to remember these loyal lads for with them rests the possibility of giving the boys a happy Christmas. It is hoped that every Rush county boy will receive more than his share of mail on Christmas morning and the "folks back home" are urged to write a letter, send a Christmas card, a gift, in fact anything which comes under the regulations of the government.

By co-operating with the government instructions in sending Christmas mail abroad, the public will greatly aid the local postoffice in handling the large amount of mail which they will have in charge. Parcels post packages for soldiers in France, if delivered by the French postoffice department, must be limited in weight to seven pounds, and be mailed in this country not later than Nov. 15. However, parcels post packages for soldiers in France may weigh up to twenty pounds each, provided they are addressed "Care of Commanding General, Port of Embarkation, Pier One, Hoboken, New Jersey," and reach there before Dec. 5. Packages so sent, if complying fully with special regulations of the Postoffice Department will be transported in France over the railroads there which are being operated by the United States Army. On the railroads operated by the French government no parcels post package weighing over seven pounds will be transported.

The package must comply with the regular postal regulations, and, in addition, the articles sent must be packed in a wooden box not more than two cubic feet in extent. It must be well strapped and should have either a hinged or a screwed top. No perishable foodstuffs may be sent. The box should be marked to indicate it is a Christmas package and should reach Hoboken not later than Dec. 5. The rate of postage is 12 cents a pound.

Because of the enormous amount of parcels post to be handled, with the overtaxed facilities of the railway mail service and the railroads, early mailing is imperative if delay in delivery and disappointment of both senders and receivers are to be avoided. To be sure it will get to France in time, mail your Christmas box before November 15. The rate of postage on all parcel post matter intended for men in the service abroad whether sent through mail service direct under the seven pound limit or sent in care of the Commanding General, Port of Embarkation, for delivery by military authorities, is 12 cents a pound.

Kuhlman has lived at a point 29 miles from a railroad all his life and the nearest postoffice was Bennington. Kuhlman has four brothers, two of whom have been drafted.

ENTERPRISE MILL IS SOLD

Milroy Property is Purchased by
Acme-Evans Company.

The Enterprise Mill of Milroy, which recently went into bankruptcy, has been sold by the trustee to the Acme-Evans Milling company of Indianapolis for the sum of \$13,000. The mill formerly run by the Indianapolis concern was burned down and in order to take care of their orders of flour, they will run the Milroy mill night and day. Work will be started in the near future. It is probable that several new families will move to Milroy, connected with the mill, and that the starting of the enterprise will bring more business to the town.

SCHOOL ATTENDANCE IS ALMOST NORMAL

More Than Three-Fourths of Pupils
Are Back as Diphtheria Epidemic
Disappears.

NO MORE POSITIVE CULTURES

The school attendance is gradually getting back to normal after a period when there was a large number of absences. There are practically no absences in high school from diphtheria and the attendance in the grades is more than 75 per cent. In the Graham Annex about 85 per cent of the children are attending. The Havens school reports an attendance of about 75 per cent and the Jackson school reports that about 85 per cent of the children have returned. More are returning every day and it is thought by Monday of next week, the attendance of all of the schools will be normal.

The city board of health received word today from the state board that it would not be necessary to fumigate the homes where carriers of diphtheria had been quarantined. The authorities have been very strict in fumigating the homes where the disease has been, but on the instructions of the state board will not fumigate the homes where there has been no actual sickness. The state board said this plan was absolutely safe. Anyone wishing to fumigate may do so at their own expense. In other cases, the city pays for the fumigation.

Reports on cultures are still being received and a number are yet not heard from. There are no positive cases reported with the exception of ones already in quarantine.

DECISIVE BATTLE IMPENDS

Both Sides Maneuvering For Posi-

Term, Closing Saturday.

The September term of court is drawing to a close this week. Next week will be vacation preparatory to the opening of the November term, November 19.

The new petit jury for next term will be drawn next Monday. The regular panel drawn for this term was dismissed today. The jury was called to hear the case of the M. Rumely company against James Arvine, Sr., and James Arvine, Jr., on a note demanding \$750, but it has been sent to Shelby county on a change of venue.

Approximately one hundred civil cases and about a score of criminal cases will have been disposed of this term of court by the time it adjourns. The calendar for the next term has been prepared by Judge Sparks.

A number of criminal suits are set down for trial early in the term. The majority of them are the outgrowth of indictments returned by the grand jury which adjourned week before last, reporting twelve true bills.

Two of the criminal cases are transcripts from a lower court—the one against Bert Ormes who was fined in squire's court for speeding, and one against R. W. Noyer, who was fined by Mayor Bebout for operating an automobile with a license not issued by the state of Indiana. Several large damage suits are also to come to trial next term, along with six divorce suits.

The cases set down for the November term are as follows.

Monday, Nov. 19—Calling of dockets and arguments on pleadings: state ex rel U. S. Fidelity Co. and Stevens.

Tuesday, Nov. 20—State vs. Sampson; Reinheimer vs. Havens.

Wednesday, Nov. 21—State vs. Miles; Siebert vs. Windate.

Thursday, Nov. 22—State vs. Noyer; Tabert vs. Cripe.

Friday, Nov. 23—State vs. Orme; Bundy vs. Moore.

GRAND JURY GOES INTO SESSION TODAY

May Finish Investigations by This
Evening and Report—Luella
Clarkson Gets Divorce

JUDGES DISMISS THEIR SUIT

The grand jury was in session today cleaning up the business this term of court. There was a possibility that all cases coming to the attention of the grand jury would be investigated today and a report made. However, the meeting may continue over until tomorrow.

A motion for a new trial in the case of Curtha Wagoner against George R. Sider and son, in which Wagoner sued for \$175 and lost, was overruled today with exceptions to the plaintiff.

The court returned a judgment for Dick Wilson against John D. Stewart for \$54.50 and costs and found for the other defendant in the case, Mary E. Stewart.

The divorce suit of Margaret Dudgeon against Jasper Dudgeon was dismissed by the plaintiff at her costs.

Judge Sparks granted a divorce to Luella Clarkson from Enoch Clarkson on payment of costs. The evidence was heard some time ago.

The canvassers appointed for Orange township by Mrs. Willbur Brown, chairman, are Charles Owens, Harve Brown, Gus Riley, D. O. Alter, John Vernon, Solon Tevi, Loyd Wagener and Ed Gerard. The committee will meet at the Moscow school house on Friday evening.

London, Nov. 8.—Colonel E. M. House, on the American mission to the allied countries has arrived here, it was announced today.

This is the Stove Polish YOU Should Use

It's different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on stoves and sold by hardware and grocery dealers.

All we ask is a trial. Use it on your stove, your parlor stove or your gas stove. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Invest in Black Silk Stove Polish.

Made in liquid or paste—one quality.

Anderson, Ind., Nov. 8.—Fire which destroyed the plant of the Pierce furniture company here today caused a loss of \$10,000. Officials of the company said the loss is probably covered by insurance.

Hattiesburg, Miss., Nov. 8.—Gov. and Mrs. James E. Goodrich stopped off at Hattiesburg for half an hour last night on their way to New Orleans from which place they will go to Lake Arthur where the governor will stay until fully recovered from his recent illness. The Gov. was met by Gen. E. M. Lewis and a number of Indiana friends.

Kokomo, Ind., Nov. 8.—After sixteen hours of deliberation the jury in the trial of Earl D. Dinkle, mail carrier, who killed Aradach Stroup of Kempton in a quarrel over a girl, returned a verdict of manslaughter in the Howard circuit court today.

Indianapolis, Ind., Nov. 8.—Relief of the sugar situation in Indiana is promised for the near future by Dr. H. E. Barnard, state food head. There is practically no sugar on sale in the city at present. Small bakeries are preparing to suspend the baking of cakes and pastries.

Washington, Nov. 8.—America's first great hospital for the reconstruction of wounded men was today accepted by the government from the order of Elks. This hospital will be erected in Boston at a cost

of \$250,000. The money was taken from the Elks war relief fund.

Fort Wayne, Ind., Nov. 8.—With full military honors and ceremony, final tribute was paid this morning to the memory of Stephen Joseph A. Choate, the first Fort Wayne boy in the services of Uncle Sam to give his life to his country.

Indianapolis, Ind., Nov. 8.—Country schools throughout Indiana will all owe the pupils only two days Christmas vacation this year so they may get out early in the spring to assist in farm work, Horace Ellis, state superintendent of public instruction, stated today.

Paris, Nov. 8.—Positive word that the American transport Finland was torpedoed by a submarine was brought here today by Elmer Bloom of Peoria, Ill., a survivor who escaped after nearly an hour's emersion in the icy water.

New York, Nov. 8.—Six women and one man were buried under tons of ruins today when the floor of a four-story brick building collapsed. All are believed dead. Weight of heavy machinery on the top floor caused the collapse.

A copy of a recent issue of the Sunday State Journal, published at Omaha, Nebraska, contains a picture of four generations of a family in which Mrs. Anna Tyner of this city is the great grandmother. Others in the picture are the grandmother, Mrs. J. Frank Barr of Lincoln, Neb.; the mother, Mrs. Louise Barr Anderson of Fullerton, Neb., and her son, Lewis P. Anderson, Jr. The child is the center of the group. A copy of the paper containing the picture was sent to Senator James E. Watson by a friend in Omaha.

Mr. and Mrs. Buford Winship are moving across the street from the Newhouse property to the property at 214 East Second street lately vacated by Mr. and Mrs. John Walker. Sheriff and Mrs. Voorhees Cavitt will move into the house where Winships lived about December 1 when Sheriff Cavitt's term expires.

Mr. and Mrs. Roll Ritchie have moved from 220 North Perkins to the south half of the Bodine property, corner of Fourth and Perkins streets, recently vacated by Mr. and Mrs. Allen C. Hiner, who will move to Newcastle.

A meeting of the committee appointed by B. L. Trabue, township chairman for the Y. M. C. A. campaign, to aid in the work will be held in the director's room of the Rush County National bank tomorrow evening at 7:30 o'clock.

Mr. and Mrs. Will Havens, Mrs. Sarah Price, Mrs. Ethel Harroll and son Stanley have moved from the Young property, corner of Main and Seventh streets, to half of the Bodine property in West Second street.

A food sale will be held in the room south of the Kennard Jewelry store Saturday morning, given by members of Psi Iota Xi. The money will go toward buying the Liberty Loan bond the sorority purchased.

Mr. and Mrs. John Comstock have received word that their son Raymond Comstock has arrived in France. He was a member of Battery A, 150 Field Artillery, and enlisted in Indianapolis.

Notice of Final Settlement of Estate

Notice is hereby given to the creditors, heirs and legatees of John W. Witness, the Clerk of said Court, this 7th day of November, 1917.

GEO. B. MOORE, JR.
 Clerk Rush Circuit Court.

William Allen escaped injury yesterday when his automobile ran into the ditch south of Rushville. Mr. Allen had to get a team of horses to pull the car up on the road.

Mr. and Mrs. Mart Beaver are moving from the Behout property at the corner of Morgan and Eighth streets to the Logan property in West Fourth street.

Wawasa Tribe No. 193, Improved Order of Red Men, of Falmouth, gave four candidates the Adoption degree Tuesday evening.

Morton Conner has filed suit against Elizabeth Pearsey in the circuit court on an account, demanding \$60.

Amusements

Belle Bruce and Antonio Moreno will be seen in "A Son of The Hills" at the Princess tonight. It is a modern romance of the southern mountains. House Peters and Louise Huff will appear in "The Lonesome Chap," tomorrow night and on next Monday and Tuesday night the sensational melodrama, "The Whip," will be the attraction. One of the delights of "The Whip" is the splendid delineation given to the characters in this, the world's biggest motion picture, by the actors who play the leading parts and also by those who play the smaller parts. Each character has been splendidly cast. There is not a poor actor in the whole company. So perfect is the acting that the spectator forgets he is looking at a drama. The spectator forgets everything except that here he is, seeing life—true life filled to the brim with excitement and interest.

Campaign Practices

Not intended to herald its own virtues, the Daily Republican wishes to point out that it has never descended to the place where it injected personalities into a political campaign. We here in Rushville and Rush county are all neighbors and live together after an election just the same as we do before an election. Bitter things are often said in the heat of a campaign which are regretted afterwards, and it has ever been and always will be the policy of the Daily Republican under its present management not to make a personal issue in any campaign.

Candidates who know what to expect in making a race for office may not seriously object to stories about them circulated by word of mouth, but to have the same stories printed in bold type, they become public property and cause the average person great concern and anxiety. The practice of holding candidates up to ridicule is another one followed by some newspapers which should not be sanctioned by fair and honest people. It is taking an unfair advantage of the candidate who has no means of answering.

In the city campaign just closed the Daily Republican supported the republican ticket because it stood on the record of the present administration, which is one of the best the city ever had. It was assured that the good business judgment of the present council would continue to be exercised if the ticket were elected, because four of the five councilmen sought re-election.

Although the Republican supported the republican ticket, it said nothing against the democratic ticket. The men who ran on the democratic ticket are good citizens of the city and it would have been more than unjust to have attempted any slander against their character or their business judgment or ability. To win a political battle by such tactics would be an empty victory indeed.

Use Wood for Fuel

One practical way in which the farmers of Indiana can render material assistance to the state in the coal situation is to use wood for fuel as much as possible. Several dealers have been refusing to sell coal to farmers who have a supply of fuel wood on their farms to tide them over. The United States Fuel Administrator is urging farmers to reduce their coal consumption as far as possible and in towns where citizens can buy fuel wood it is suggested that insofar as practical, wood be substituted for coal.

It is apparent that few persons appreciate the coal situation because so many of them are asking why, when the mines are producing more coal than ever before, there isn't enough to go around. The answer is in the lighted, humming factories which are turning night into day from New England to California. In the industrial districts of the United States, where the factories are working night and day on war materials, the coal demand has doubled. In Canada, where the one business of the entire country is the making of war materials, there is a similar

been such a demand for coal, and that coal must come from the United States. With our navy much enlarged and doing service in the war zone, the demands of the navy are vastly greater than ever before. The demands of the navy in the Spanish-American war did not begin to approach the demands of today. On top of this the United States must provide unusual amounts of coal for France and Italy, where factories are being crowded night and day in turning out ammunition and military equipment.

If the coal situation was simply an "Indian problem" it wouldn't be very grave. But it is a national problem. It is more than that, it is an international problem. One of the United States' "bits" in this war is to furnish coal. Our own safety and the success of our allies depend on our furnishing the needed coal. Our mines are producing as never before, but the demand is stupendous—something never before dreamed of.

The department of commerce has published an article showing the thriving condition of the glass industry in Germany before the war and the depression in that industry since the war began. Germany was then an exporter of glass. Now won't the department of commerce publish an article telling us what happened to the American glass industry following the enactment of the Democratic tariff law of 1913, which permitted the German manufacturers to sell more advantageously in our markets.

That party of Artie explorers who have just returned to civilization after four years in the far north, will be kept mighty busy for some time to come if they undertake to catch up with the march of events during their absence.

Pederewski, the pianist, is numbered among the assistants gathered by Col. House to help him collect and collate data for the peace conference. Of course, anything that Pederewski does will not fail to be harmonious.

The Democratic National Committee is rapidly arranging the organization for the campaigns of 1918 and 1920. The Republicans are putting in solid time trying to make this war a success.

Nut-growers of the nation will hold a convention in New York. The nuts will continue butting in on other conventions.

It may be well to state that the abolition of "futures" does not include the F. O. U. or other promise to pay.

The difference between eccentricity and lunacy is represented by a bank account.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can't eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling better all day long.

South Bend Malleable Range

We want you to join the million careful buyers who have made THE SOUTH BEND MALLEABLE RANGE their choice because of its inside lining of rust-resisting Patented Keystone Copper Bearing Aluminum Fused Metal, and many other points of advantage this range has that are exclusive. You should have one of these quality ranges. We can not cut the price so we are going to make a special offer for a limited time only.

During our Demonstration from NOVEMBER 21st to 27th, we will present every purchaser of a South Bend Malleable Range a beautiful set of Pure Aluminum Cooking Ware. This is a rare opportunity, and when the sale is over the price of the range will be the same, but no ware will be included.

Come today and see the range, and remember the date.

Letters From John Kennedy Tell of Good Accomplished by Organization in Camps

TRAINING AT CAMP FUNSTON

His Description of Meals Served Soldiers Indicates They Get Plenty to Eat

John Kennedy, stationed at Camp Funston, Kan., has written a number of interesting letters home concerning army life and his work in the signal corps. The following are excerpts from some letters received from him:

Some of the boys received their uniforms today but I didn't. Hines got his and several of the boys went with him up to Manhattan. They said it was a dead town. He is going to Fort Riley this evening to see Max Wallace at the Post Hospital there. They are to open up a big Y. M. C. A. auditorium here tomorrow evening about three squares from here. Major General Wood is to speak. There is to be a chorus of 2,000 voices and several military bands. By the way, if anyone ever asks you to give any money for the "Y. M.," do so for you have no idea how much good they are doing for the boys.

The big maneuver is to start tomorrow, but do not think I will go as I haven't been issued any army shoes yet. So I will have to answer sick call in the morning and go to the hospital and get the doctor to assign me to my quarters. There is a lot of red tape to the army. We popped corn last night in two big army baking pans and made one big dish pan full for each squad room with 25 men in each room. For breakfast we had hot biscuit, butter, blackberry jam, bacon and fried mush, oatmeal and coffee and they gave each man an apple. For dinner we had roast pork, mashed and sweet potatoes, brown gravy, creamed peas, apple sauce, bread and coffee.

I think we will be moved from here within the next month, about the 25th, but do not know for certain. We think it will be to Virginia but do not know.

I think we have pretty good mail service here considering that there are 6,500 men in camp so you know how things would get congested some times. I am getting the Republican alright. This is Liberty Loan day and is a legal holiday so we are off all day; so thought I would write you in the day time. I am so tired at night that I do not feel like writing then. We are not getting quite as much drilling now. We are having some school every day. We are learning telegraphy now. I know the alphabet pretty well. There are 26 operators in our company. We are leading our battery in drill, telegraphy and semaphore, that is in learning it. It seems that every fellow is putting his whole mind and soul into it and trying to do his best. We also have the highest honor of the whole camp for Liberty Loan subscriptions. I took two.

We are going to have a practice

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

MEN WANTED FOR RESERVE CORPS

County Recorder Receives Notice of Request For Enlistments in Quartermasters Department

3,000 RECRUITS ARE NEEDED

May Serve as Clerks, Blacksmiths, Farriers, Storekeepers, Packers or Tentmakers

Enlistments are being asked for the Quartermasters Reserve Corps in camp at Jacksonville, Florida. Three thousand men are needed in the near future to serve in the various capacities in this department. The following facts concerning the training camp have been received by Chester Peek, county recorder, with the request that they be published.

"The Quartermaster Enlisted Reserve Corps require in the neighborhood of 3,000 men to serve as clerks, blacksmiths, farriers, horse-shoers, saddlers, storekeepers, tent-makers, wheelwrights, wagonmasters, assistant wagonmasters, skilled laborers, watchmen, packers, etc.

Any man between the ages of 18 and 45 is eligible for enlistment, provided he has not been called by his local board for examination and is physically qualified.

Teamsters are especially wanted. Promotions in non-commissioned officers grades are very rapid for men of ability and experience in their particular trade.

There is being established near Jacksonville, Florida, a camp for the training of Quartermaster Enlisted men, and it is contemplated sending all men enlisted in the Quartermaster Corps to that Camp for training in Quartermaster Corps work.

Further information and application blanks will be gladly furnished on request to Ralph B. Innis, Captain, Q. M. U. S. R. Room 555, Federal Building, Chicago, Ill."

maneuver Monday. There are to be the Blue and Red armies. There are to be two regiments of infantry, two companies of light artillery, one of heavy artillery, one machine gun company, one of engineers and one of signal corps on each side. We have to keep the communication up between the different points in the Blue army.

There are three companies of the signal corps in camp. There are seventy-five men in our company, B, the smallest, some have 250 in them. The following poem may be of interest:

Soldier Life

There is many many a lad in Camp Funston tonight
With heart anything but light
For the folks back home have grown careless
Have neglected or ceased to write
Just look at the man who received his mail,
See the look in his eye and that grin
For he is the one who surely knows
There are friends back home loyal to him.
And so, dear bunch, since I must go
From this awful thick and thin
The farther away from dear friends one goes
The dearer they are to him.
And rest assured there's one Sammy tonight
Who is not downcast and blue
And no matter how far from home I go
There'll be room in my heart for you.

There are many sad sights in this old world
But the saddest by far I swear
Is the soldier lad when mail is called out
Can't stop up and answer "Here."

Shoes Built to Our Order From the Ground Up

The principal portion of our splendid stock of shoes was built to our order, especially to accommodate our exclusive customers. And we instructed the makers to build them FROM THE GROUND UP.

So they started on the ground piece—the sole—with solid leather, and put in honest work and honest material until the shoe was complete.

This enables us to offer you an honest shoe and we have put on them an honest price.

Yes, we have sold shoes cheaper in former years, but when you see the EXCELLENCE OF OUR SHOES you will say they are cheap enough.

SOCIETY

About two hundred attended the reception at the St. Paul's M. E. church last evening, which was given honoring the Rev. and Mrs. Clyde S. Black, by the members of the church. After greeting the guests of honor and those receiving, the guests were seated for the informal program. In the receiving line were the Rev. and Mrs. Black, Dr. and Mrs. F. R. McClanahan, Mr. and Mrs. Albert Winship, Leonard Clark and B. W. Riley.

Short talks were made by the Rev. D. Ira Lambert, Father M. W. Lyons, the Rev. John T. Aiken, the Rev. C. J. Bunnell, and George C. Wyatt representing the Christian church. Each of the speakers gave a word of welcome to the Rev. and Mrs. Black. Interspersing the program were several beautiful musical numbers. Mrs. George Hogsett, accompanied by Miss Jessie Kitchen at the piano, sang "The Necklace of Love" in a beautiful manner. Miss Lois Reeve played a difficult violin solo with excellent technique, "Son-

venir," by Drida.

During the latter part of the evening, refreshments of coffee and cake were served to the guests.

A beautiful dinner party was given last evening by Mrs. Allen George Messick of Marion at the home of her mother, Mrs. Emma Craig, in North Jackson street complimenting Miss Emma Wilk, a bride-to-be. The airy color scheme of yellow and white was tastefully used in all of the appointments, an immense basket filled with yellow chrysanthemums and bearing a tulip bow centering the table. The light cast over the table was from yellow shaded candles and the place cards and nut cups corresponded. A delicious dinner was served the dozen guests present.

This afternoon, Miss Henrietta Coleman and Miss Mary Sleeth are giving a tea at the home of Miss Sleeth honoring Miss Wilk. Tomorrow afternoon, Mrs. Carl Everleigh of Indianapolis is having two tables

at bridge at the home of her mother, Mrs. John D. Megee, for the same guest of honor.

The friends and neighbors of Marshall Newhouse motored to his home near Clarksburg yesterday and completely surprised him, the affair being in honor of his sixty-fifth birthday. At noon the guests enjoyed a pitch-in dinner and in the afternoon, solos by Miss Helen Newhouse were the feature of the pleasant hours. Those who were present were Mr. and Mrs. F. R. Newhouse and family, Mr. and Mrs. Oster Newhouse and son Roscoe, Mr. and Mrs. Baily Newhouse, Mr. and Mrs. Frank Sample and Miss Rena Mahan all of this county and Mrs. Lora Green and Mrs. Maggie Thorpe of near Greensburg.

Mr. and Mrs. B. F. Miller are giving a reception tomorrow evening at their home in North Morgan street honoring their son and his bride, Mr. and Mrs. Eugene Carlyle Miller, whose marriage recently occurred in Indianapolis. Mrs. Miller was formerly Miss Marguerite Frenzel. The hours for the affair are from 8 to 9:30 and 9:30 to 11. Preceding the reception, a dinner will be given for the out-of-town guests.

Earl Miller entertained a number of his friends with a hayride, Wednesday evening. The guests were taken to his home, south of this city, where they enjoyed a luncheon and then the hayride. The guests included the Misses Ruby Sparks, Vera Short, Ethel Newhouse, Elva Miller and Oliver Dill, Myland Gibson, Russell Moore and Earl Miller.

The members of the Ladies Missionary society of the First Baptist church were entertained by Mrs. C. J. Bunnell yesterday afternoon at her home in North Morgan street. The entire afternoon was given over to work for the Red Cross. The ladies will meet again in two weeks to sew for the Red Cross.

The Willing Workers class of the St. Paul's M. E. church will meet Friday afternoon with Mrs. Cornelia Lyons at her home, 126 West First street, at 2:30 o'clock. A large attendance is desired as business of importance is to be brought up before the meeting.

The Young Peoples Christian Union of the United Presbyterian church will hold a social and business meeting at the home of Miss Marie Taylor in North Hannah street, Friday evening.

Mr. and Mrs. Chauncey Duncan entertained at dinner today Mr. and Mrs. Claud Cambern and Mrs. Alice Smith of Denver, Col.

Miss Bertha Helm and Miss Alice Norris are spending several days with Mrs. Lenore Blackledge north-east of the city.

"I Should Worry Now About Corns!"

They Peel Off With "Gets-It."

Two corns are no worse than one, and one is nothing at all—when you use "Gets-It," the one real corn-shrinker, corn loosener, peeling-off corn-remover. That's because two drops of "Gets-It" eases your corn-pains at once, and you know that that old corn has been "nipped in the bud." "Gets-It" makes cutting and digging at a corn and fusing with bandages, salves or anything else entirely unnecessary. Remember "Gets-It" is safe.

One Corn Plus "Gets-It" Equals One Foot, Corn Free.

You'll not have to take off your shoe or pumps under the table at the end to ease your aching soul. See that you get "Gets-It." Don't be insulted by imitations. 25c is all you need pay at any drug store for "Gets-It," or it will be sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Rushville and recommended as the world's best corn remedy by Hargrove & Mullin and Frank E. Wolcott.

INDIANA CITIES SUFFER FROM ANTS

Queen Ant Must Be Destroyed Before the Colonies are Entirely Eradicated

MUCH MATERIAL DESTROYED

(By United Press.)

Indianapolis, Ind., Nov. 8.—Great damage by white ants in many Indiana cities was reported by State Entomologist Frank Wallace today. The ants have been destroying thousands of dollars worth of material in stores and homes.

"These ants have a queen and swarm about once a year," said Wallace. "When their work is confined to old logs and stumps in the open no attention is given them but when they begin working on lumber in houses, stores and barns, they cause endless trouble."

"The pests eat the softer part of wood and leave only a mere skeleton which becomes so weakened that it must be replaced. Florists with benches made of wood have lost heavily and often have been forced to replace wood with concrete."

"It is difficult to destroy the colonies because the queen must be killed. Just killing the workers will not eradicate them."

PORK AND BREAD

PRICE MAY BE CUT

Food Administration Will Require Bakers to Operate Under a Federal License

FIXES MINIMUM HOG PRICE

Based on Minimum Ratio of 13 Times Average Cost of a Bushel of Corn Fed

Consumers who have been up against the high cost of living will be pleased by the news from Washington that the food administration expects to cut the cost of bread and regulate the price of hogs, which will have a tendency to bring down the retail price of pork.

Washington dispatches say that at the request of the federal food administrator, President Wilson will issue an order in a few days directing that every bakery in the country be required to do business under a federal license.

Official notice has been received in Indianapolis that the food administration at Washington has fixed the minimum hog price for the present market and for next year as well. The price of hogs at Chicago for the present is fixed at \$15.50. Prices to follow will be based on a minimum ratio of thirteen times the average cost of a bushel of corn fed. This ratio will continue during the war, according to the announcement.

It is probable the hog raiser will be assured \$13 a hundred pounds next fall and that the price will not fall below \$15 in the interim. The step has been taken to stabilize hog prices so as to increase the production of hogs and insure the producer against any loss on hogs raised between now and next winter. The public will be guarded against profiteering, by the food administration.

Rules and regulations governing the baking industry already have been drawn up by the food administration and will be put into operation as soon as the executive order is out. They will provide a standardized loaf of probably two sizes and standardization of the bread content. A bread formula has been selected and bakers will be permitted to use no other.

The new war bread will contain a reduced amount of fats, as both the lard and milk content will be cut considerably. It probably will be produced in twenty-ounce and ten-ounce loaves. No prices will be fixed outright, but the regulations will prescribe that only reasonable prices may be charged.

ported to the administration that in most places loaves of this size can be sold at 10 and 5 cents respectively.

Food administration officials are giving serious consideration to the situation created by the short wheat crop, and it is believed likely that before many months bakers may be required to add a certain amount of corn flour in baking bread. Dietetic experts now are working out formulas containing wheat flour substitutes.
